Canyoning Canyon Nevidio

Canyon Nevidio is located in central part of Montenegro on slopes of Mount Durmitor. It was conquered 1965. for the first time till that year it “haven’t seen” which probably is the main reason for its name.

It is the last conquered canyon in Europe and still one of the less visited places.

Canyon is 3 km long, with number of waterfalls, whirls and passages made by the water. In some places Nevidio cliffs are half meter wide and 400 m high.

Canyon is being passed during one day with special equipment (diving-suit, alpinist gear) with well experienced guides.

In camp “Grab” offer one day arrangement would be starting with breakfast and transportation to the entrance in Nevidio canyon.

Lunch in canyon or after leaving is around 16:00 h.

Return to the camp “Grab” in evening hours, dinner near camp fire..

Nutrition during the day contains intensified breakfast and lunch in the canyon
